Independent claims are allowed in view of the prior amendments and for reasons argued by applicant filed 12/11/2007. In particular, prior art of record fails to disclose the four states, namely the raw state, the unleased state, the assigned state, and the leased state, all of which are specifically defined in the Specification.

Dependent claims depend upon the independent claims, which include the above-mentioned features.

None of the prior art of record, either taken by itself or in any combination, would have anticipated or made obvious the invention of the present application at or before the time it was filed.
